### Words To Freeze The Soul?

"Your son has Consumption, his case ichoepless." These appalling words were spoken to Geo. E. Bleven, a leading merchant of Springfield, N. C. by two expert doctors one lung specialist. Then was shown the wonderful power of Dr. King's New Discovery.

"After three weeks use," writes Mr. Bleven, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Invaluable for Coughs and Colds, it's the safest, surest cure of Dr. King's Lung disease out with \$100 and a guarantee satisfied. One of a kind free. A. H. Cox & Co.

Mrs. Addie Cook of St. Joseph, Mo. came in last Saturday night and visited with us—she had a bad Monday evening, when she went to Peoria to attend a convention. Her mother, Mrs. Meredith and her brother, John, are living with her in St. Joseph. They are all well and getting along nicely. Her step son, that had been feeble minded from childhood, was operated on some time ago and the physician removed a clot of blood that was pressing against his brain, and he is getting well and his mind is clear and becoming bright.—Peirce City Leader.

## MADE EXCITEMENT IN TOWN

Escaped Steer for a Time Furnished Good Target Practice for Newark Citizens.

A big Texas steer that was to have been converted into tenderloins, porters and such like at Henry Balzer's slaughter house in Belmont avenue, Newark, N. J., found a pen door open and charged out upon the avenue, free. It celebrated its escape with a long, defiant bellow, then trotted briskly southward. Slaughter house men with pitchforks and clubs ran after it; pedestrians took to sidewalks and basements and then joined in the chase after it had passed.

"Wild bull! Look out for the mad bull!" they yelled.

The steer lowered its head ominously at a handful of over-brave men and boys who tried to stop it, and scared them away. Some ran into their homes and took up the chase armed with revolvers. Within a half mile of the start there were nearly 500 hunters after the steer. It kept on its way until it crossed the western end of the town and got into the pretty southwest residential section. Nearly a hundred bullets were fired, some of them taking effect, but the animal didn't drop until he plunged into a ditch and was drowned.

### HOW IT HAPPENED.

"So you've been fighting again, Dick?" exclaimed the employer of a little darky of nine years, as the latter reported for duty one morning bearing the evidences of a sanguinary conflict.

"Yessuh," responded Dick.

"And I suppose that, as usual, your master Henry has given you that black eye?"

Dick's countenance gave expression to a sulky grin. "No, suh," he added, dolefully. "I done had de eye-ain'ts; but Henry he done lay on de color all roun'!"—Harper's Weekly.

### ADVANTAGES COMPARED.

"So you advise me to give up my ambition to be a great editor," said the energetic young man, "and become an active politician."

"Yes," answered Senator Schuyler. "An active politician stands more stand of value just what he thinks about anything without being maled with a black eye."

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Fortunately, not one weak heart in a hundred is, in itself, a dangerous thing. There is always, however, a hidden tiny nerve that runs right along the heart muscle, and which may have, more power, more strength, than all the other nerves combined.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has done the most damage for weak and failing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop—alone—discovered this popular prescription—is alone directed to these weak and wasting nerve centers. It builds.

If strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthened these nerves—re-establish them as needed, with

### Shade Trees, Evergreens and Shrubs

Shade trees should form the foundation, with irregular groups of masses of shrubs against buildings, fences or property lines, or as borders along walks or drives. The Evergreens add variety and beauty both winter and summer.

FRUIT TREES should form a part of the planting. Plant early during favorable weather and they will be better established when spring growth begins. Almost every home has plenty of room to grow their own GRAPE, RASPBERRY, STRAWBERRY, and other small fruits, CURRANTS, GOOSEBERRIES, ASPARAGUS, etc. Do not delay until the busy season causes it to be put off another year.
